Session 6 - Overcoming Blocks to Oneness Love with God

1. Why is it okay to tell our minds, “Thanks for raising that objection, but I’m going for this new truth before all your objections are answered”? Are objections always something we should listen to? Can they reveal our current belief system without letting us know if that belief system is something we should keep or discard? (*See Living Loved* pp. 83-84.)
2. Explain in your own words why God created romance and the role it’s designed to play in our spiritual walk with God. (*See Living Loved* pp. 88-90.)
3. Why does romance with God *not* interfere with earthly marriage and romance? (*See Living Loved* pp. 90-91.)
4. Of the six blocks Katharine discussed in this session (*Living Loved* pp. 86-92), which one(s) could you relate to the most?
5. Have you identified blocks to oneness love with God that were *not* discussed in this session? If so, what are they? (*Note: Feel free to contact Katharine with blocks you’ve faced that she didn’t discuss.*)
