Session 9 - Ways to Foster Oneness Love

1. What are some ways you've fostered love in your relationships on earth? Would any of those strategies work in your relationship with God? Why or why not?
2. How can meeting someone at work be different than meeting them in an intimate space? Would they talk or act differently? How do you think meeting God in heaven's intimate spaces would foster a different kind of interaction than meeting God in his "work" spaces? (*See Living Loved* pp. 123-126.)
3. Do you have a place that's easier to connect with God--like a spot in nature or a prayer room or a place in heaven you like to visit? How is your time in that space richer than connecting with God in another space?
4. Have you ever imagined doing something with God? What did you do? How did your adventure together change your relationship? (*See Living Loved* pp. 127-128.)
5. What if you constantly enjoyed fun dates with someone, but the person never told you anything about themselves? Why is sharing your heart an important part of romance? (*See Living Loved* pp. 128-129.)
