Session 4 - Falling in Love for Your Spirit

1. What are some ways God has let you know of his love for you in the past? Has God ever shown you the romantic part of his heart for you? If so, how?
2. Katharine knew that the romantic love she was developing with God would take time to grow and she would have to wait for it to mature before she could step into its fullness (*Living Loved* p. 49). Why do you think romantic love takes time to develop? Why can't it be instant?
3. Why do you think Katharine and God agreed to give each other access to everything inside them as part of their shift into a romantic relationship (*Living Loved* p. 50)? Would people in a father-child, friend-friend, or master-lord relationship ever agree to "hold no part of me back" from the other? If they did, how would it look different than spouses making that agreement?
4. Katharine shared ways that God convinced her that he was in love with her (*Living Loved* pp. 51-52). If God wanted you to know that's how he feels about you, what would he need to do to convince you?
5. Katharine named three changes that a romantic love with God unlocked for her right away (*Living Loved* pp. 54-58). Why does entering a romantic relationship always change things between people? Are the kinds of changes Katharine noticed what you would expect?
