### Session 8: Overcoming Blocks with Holy Spirit

1. Katharine lists four blocks she had to overcome to enter oneness love with Holy Spirit (*Living Loved* pp. 109-114). Each of those blocks was an issue she knew “people” had, but she didn’t think she was one of those people. How has one or more of those blocks surfaced in your life--even if your conscious mind has moved beyond the block?
2. To build oneness love with Holy Spirit, Katharine had to shift from a “work” relationship to a “personal” relationship with Holy Spirit (*Living Loved* pp. 115-117). What is the difference between relating to Holy Spirit to accomplish a task and relating to him intimately?
3. How have you tended to think of and relate to Holy Spirit? In what ways has it been focused on his “work life” and in what ways has it been focused on his “personal life”?
4. Have you ever set aside a period of time to connect *only* with a particular member of the trinity? If so, describe your experience. If not, what do you think it could open for you? (*See Living Loved* p. 114.)
5. What’s the difference between ministering *with* God and ministering *to* God? Why may God need ministry? Why would it touch his heart so deeply to have someone to share his life with? (*See Living Loved* pp. 118-119.)
